The WY transport proposed rule was signed by Shaun and was sent on Wednesday to the Office of the Federal Register for publication. I think publication should be in a week or so.

Also, what do you hear from OIRA on Uintah?

On the U/O FIP, we received an email from OMB staff on Thursday forwarding more interagency comments, which we are reviewing. The comments were focused on the additional information we sent to OMB in response to their questions and requests for additional analysis.

Hi Janet,

I'm on travel, but have copied Deb to see if she can provide answers to your questions.

Shaun and I had a good call with Todd Parfitt and his Air Director about the Wyoming interstate transport SIP that we will be proposing to disapprove. We answered a lot of questions and agreed to set up a call between his staff and ours to answer others specific to the modeling we are basing the proposal on (shared with Shaun).

Has the proposal gone out?
